-  **BUILDING & CHART REFERENCE**

BUILDING — MARKETS WARMING UP

[Pre-Radar] [Momentum] [Structure]

These aren't ready to act on yet. They're close, and worth keeping on the chart.
If structure firms by the next cycle, they'll graduate into a standout.

CLEAN BULLISH BREAKOUT – REFERENCE

► The story

Price pushed through a level that capped it for weeks, then came back to test the same level. Buyers stepped in to defend it. The ceiling has flipped into a floor.

► How a trader acts

Buy the pullback to the floor. Place the risk-off just under it. If the floor breaks, the idea is off.

► Risk reminder

Even a strong standout is a plan, not a guarantee. Cross-check each card against live price before acting. ATLAS reviews again at the next scan.
